

IC 20-12-30.6**Chapter 30.6. Indiana Spinal Cord and Head Injury Research Centers****IC 20-12-30.6-1****"Center" defined**

Sec. 1. As used in this chapter, "center" refers to a spinal cord and head injury research center established under this chapter.

As added by P.L.53-1998, SEC.1.

IC 20-12-30.6-2**Establishment of centers authorized**

Sec. 2. The trustees of Indiana University and of Purdue University are authorized to establish two (2) spinal cord and head injury centers to advance the methods of treatment of spinal cord and head injuries as follows:

(1) One (1) center must be located in Indianapolis, with faculty and staff from Indiana University, and focus on basic research with an emphasis on clinical research into medical treatments for injuries to the central nervous system.

(2) One (1) center must be located in West Lafayette, with faculty and staff from Purdue University, and focus on basic research with an emphasis on applied research for the pre-clinical testing of injuries to the central nervous system that have occurred in animals.

As added by P.L.53-1998, SEC.1.

IC 20-12-30.6-3**Participation in research projects**

Sec. 3. A center may participate in research projects:

(1) with another center; or

(2) with hospitals and medical centers.

As added by P.L.53-1998, SEC.1.
